Council Direction

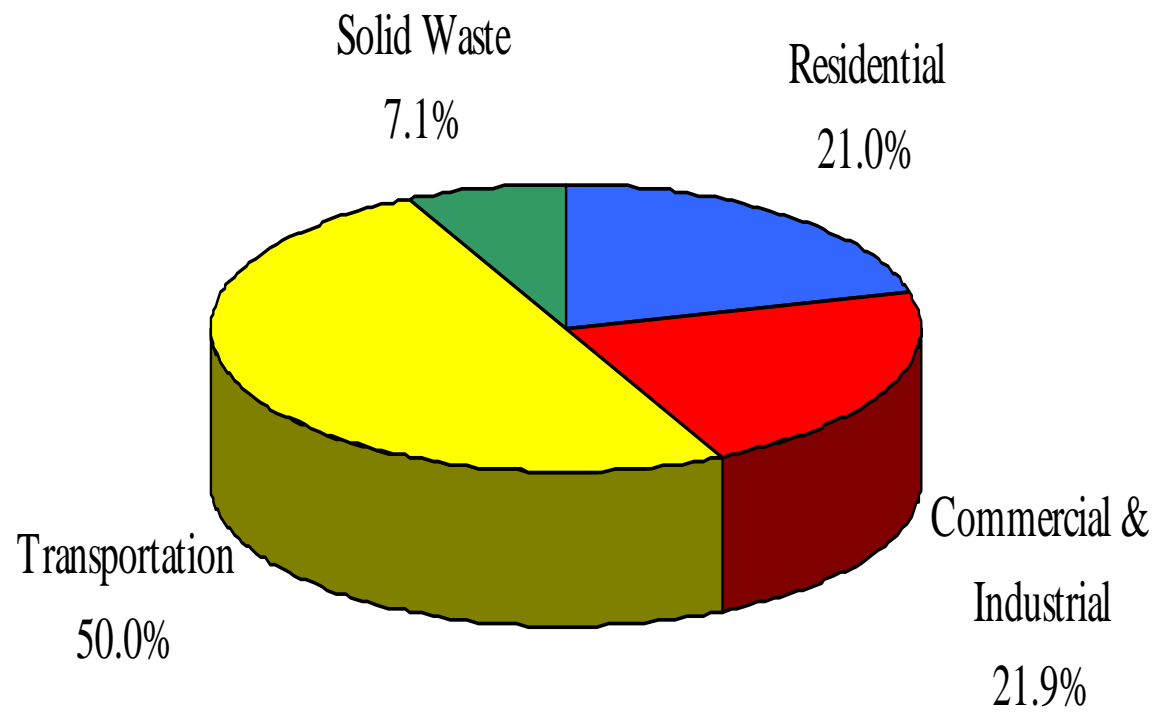

sustainability in san luis obispo

- City signed the Mayors Climate Protection Agreement in 2005.
- SLO joined Cities for Climate protection in 2008 and started GHG inventory.
- GHG Emissions Inventory presented to Council in September 2009.
- Council identified development of a Climate Action Plan as an Important City Goal for the 2009-2011 Financial Plan

Community-wide Results

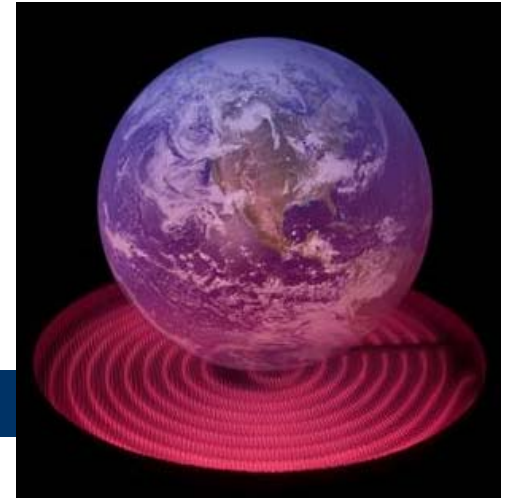

sustainability in san luis obispo

Climate Action Planning

sustainability in san luis obispo

- City collaborated with Cal Poly to develop a draft CAP – currently under review
- Climate adaptation can be part of this effort - the efforts work together
- CAP = Brakes
Adaptation = Airbag
- SLOCOOL.org
