

## Building Livable Communities

March 16-19, 2017

Yosemite National Park

*Join other California mayors, city council members, county supervisors, city managers and other high level department heads in the middle of the breathtaking beauty of Yosemite National Park at the 26th Annual Yosemite Policymakers Conference in March 2017.*

## The 26th Annual Yosemite Policymakers Conference

### The Road Ahead: Sustaining our Progress, Protecting the American Dream

**REGISTRATION NOW OPEN**

The American Dream is becoming more difficult for the average person to achieve and November's national election results have raised serious questions about the potential effects of changes in support for social services and environmental action.

With the status of a slew of environmental & social protections in question, California's role as a beacon for progress, innovation and environmental leadership is ever more critical.

The 2017 Yosemite Conference will focus on protecting and advancing critical elements of the American Dream, ranging from affordable housing and reliable transportation options to sustainable natural resources and equitable opportunities for our diverse communities.

**Lodging Deadline:** February 16, 2017

**Registration Deadline:** March 2, 2017

## JOIN US

As public servants, it is our professional responsibility and our social imperative to ensure that the decisions we make today uphold – and are grounded in – the expressed needs of our most vulnerable residents. In doing so, we help make the whole of our communities stronger and more resilient.

## TOPICS WILL INCLUDE

- Housing Supply and Affordability in California
- Society, Economy and Our Transportation System in the Era of Autonomous Vehicles
- The Future of Water in California
- California's Transportation System in a New Political Era
- Post-Election Mortem: A Local, Regional and State Perspective
- Protecting the American Dream for All Californians
- Fighting Food Waste: Innovative Food Recovery Programs
- Finding the Inspiration We Need
