Dear Mayors Steinberg and Cabaldon

**Re: Support the Mayors' Commission on Climate Change Recommendations**

On behalf of RiderShip for the Masses members and like, SMART and Sac Moves, we strongly support the proposed recommendations of the Mayors' Commission on Climate Change for adoption on June 29, 2020.

For 19 years, RiderShip for the Masses has advocated for public transit systems that will benefit all. We know integrated mobility choices are the key to a positive quality of life.

The Commission recommends those choices, and at the same time, provides straightforward answers to climate change issues that will raise the quality of life for all.

A job well done by Chair Anne Stausboll and fellow commissioners!

Thank you for your time and attention to our comments.

Sincerely,

Barbara Stanton  
RFTM Director
